By VIRGIE BARRON and POLLY BOTHWELL
 "Do I look nonchalant?" whispered the rush-ees nervously. Thus spoke the freshmen damsels as they said their final prayers before facing the caustic scrutiny of that sorority last Sunday. But the prize slip of the day belongs to Nora Korkmas. While discussing writing letters to boys, with a freshman, Nora remarked, "You ought to save everything he writes you and someday you can blackmail him." Here it is, the first rush party of the year and you are already "blackball" happy. (It's a disease, you know.) Better bow low to Nora, freshman, or you just ain't got a chance.

Are you thinking of traveling soon? An advancing mode of transportation these days is the ferry boat. If you don't believe it, ask Virginia Angelo.

When the sophomores finished with the freshmen last week, TJC had a well-practiced chorus and rhumba line. The first rehearsal usually began at Carl's and no one was ever quite sure where it would end.

We are all certain that the football team slept better than usual after having been musically tucked in bed the last weeks to the screams of "Good Night, Irene." Touching, wasn't it, boys.

Every Apache was bursting with pride to welcome the conquering heroes and coaches home from Pasadena last Sunday night. That was mighty fine playing, team.

Who says Sunday is a rest day? If you had looked in the gym Sunday afternoon as we did, you would have discovered four boys working furiously without a minute's rest. If you haven't guessed who these gentlemen are, we will tell you—Dickey, Tony, George and Rudolph, our cheer leaders who are fast becoming tops in their trade. What's this about Shirley McBride's weakness for boys named Charles, huh? Nice if you can work it, Shirley.

Two young ladies leading the band of welcome for the team at Pounds Field were Peggy and Nela. Do you two just like to watch planes come in or is there someone special?

There should be a new organization formed here at our little reservation. Something uplifting, like "The Canasta Club for Class Cutters." After all, we must make good use of our time.

We would like your help if you have any gossip to relate.

Freshmen aren't the only people who sometimes do odd things. One Wednesday morning Carolyn Barron and Jean Heard were seen walking the length of the upper hall with books on their heads.

Richard (Bulldog) Smith doesn't want his little girl to play football, but he does say that he is going to take her dove hunting when she is a little older.

Virgie Barron is an odd person. She told her mother that when she made her pedal pushers to put the black on the right side. She just wanted to be different.

The cruelty of sophomores: Ann Sisk and Betty Dorrough had Gloria Jennings, Edrine Putnam, Mary Lou Jackson, Mary Helen Hale and Delores Hawkins stand at the blackboard with their noses in rings because they had nothing better to do. But after all, freshmen should stay busy.

In economics Mrs. Jones asked Frank Hanna what was most used at his house. Frank said that a spoon was. Hungry, huh?

Carol Inabnet started Mr. Fowler's Friday psychology class with a bang. She called Mr. Fowler "Mr. Pinky." Later she displayed further intelligence in saying that she thought maturation meant "soaking up something." It was just one of those days.

The Apache Belles are way up in the clouds. There were 76 boys in the Rice band (they played for them) and there are 75 Apache Belles.

First Moron—"Have you heard the joke about the three eggs?"
 Second Moron—"No."
 First Moron—"Two bad!"

Vote Carefully

Tomorrow TJC students will cast their votes for officers of the Freshman and Sophomore classes. The importance of selecting efficient persons for these posts can not be over-emphasized.

If the right candidates are elected, TJC will have one of the most successful and enjoyable years for its students in its history. If the wrong ones are elected, all forms of extra-curricular activities will suffer accordingly.

The important qualities of good student leaders include leadership, character, sincerity, intelligence, courage and a sense of propriety and good taste.

Sometimes a person will have one or two of these qualities in abundance but be utterly lacking in others. For example, one might possess a great leadership ability yet be lacking in the intelligence or good taste to direct that ability in the right directions.

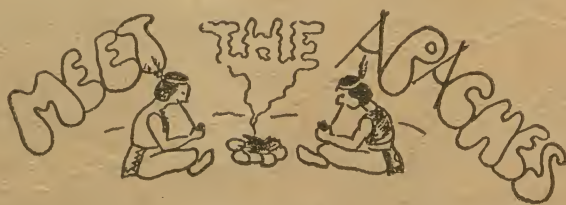

Weigh the matter carefully in the light of the year's student activities, then vote tomorrow for the candidates who possess the greatest number of the essential qualities.

Little Man On Campus

"Tex—how'd you like to play in the backfield? You can't seem to stop any of those line plays."

By ANN LYNN SADLER

SAMMY SHARP is the personality of the week in my column. SAMMY is from Troup, Texas (the pepper capital of the world) and if you are going to be around him you better not forget it for one moment. SAMMY is very proud of Troup and says he wouldn't live any place else.

SAMMY has had the distinction of going to three different colleges in his first three semesters of college life. Not many can make this claim. His first semester was spent at New Mexico Military Institute. He tells the tale that he wanted to run back to Texas but that police were patrolling the grounds of the school. Last spring SAMMY tried TJC and decided this was the place for him. This summer, however, to pass away time SAM went to Kilgore Junior College—(mum's the word, this must go no further).

SAMMY is very willing to be active in all school functions. In Troup High School he was a member of the Spanish Club, Speech Club, Science Club and reporter of the sophomore, junior and senior class. While at junior college he has worked on the Pow Wow staff and the Apache staff.

SAMMY is a good ol' Methodist and plans to finish college at Southern Methodist University with a degree in history.

SAM's quite a guy and if you haven't met him—meet him.

By MONA JO PHILLIPS

Some students have their careers as secretaries.

The former Bobbie Jean Treadaway is now living in Dallas where he is employed. She received an associate last spring.

The Lindale twins, Jean and Joyce, now married and living in Tyler. They married in a double wedding this summer received business certificates last spring were also members of the To-Kalon sorority.

Betty Jean Truitt, a graduate of New Mexico State, is a member of Phi Theta Kappa, is a student at Oklahoma University.

Mrs. E. F. Toman, a post-graduate Theta Kappa member, whose major is in education, is finishing her studies at Stephen F. Austin State University.

BSU member Ruth Herrington is ETBC to complete her study of elementary education.

Bonnie Greenwood, a columnist on the Pow Wow, BSU officer and chorus member, is finishing her studies at TSCW.

Gettie Lee Hunter came to TSCW from the University of Texas. She has many honors while studying. She was a Rotary good citizen, a member of the Theta Kappa, girls' trio and played the Edith in "The Pirates of Penzance." She is now at Louisiana Polytechnic Institution for the continuation of her music studies.

Former Apache stars Dan Page and Billy are attending Texas University. Dan was an All-American last year because of ability in the quarterback slot. Billy has been said to be a magic toe and we are inclined to believe it. Boys saw action last week in the Texas Tech played at Lubbock.

Seen around the TJC campus a week ago were two former TJC basketball players, Orona and Jerry Champion. Orona is attending ETSC this year and Jerry is living in Dallas with his wife, Pat (Andrews) Champion.

Other cage stars, Royce and Rowan, have gone to the University of Houston, while Richardson is at Corpus Christi. Kenneth is attending Texas Tech at Lubbock.

From The Student Council To You

By CAROL INABNET

A well-rounded college life consists of many things, one of which is extra-curricular activities.

These activities can be easily compared to a vase of flowers in a room or a colorful dress, for they add just the right touch of life enjoyable. They let you remember days as happy days. They let you have more courage when the going gets tough. They bubble over with school.

Within the last couple weeks, you have seen these activities displayed with plenty of vigor. The Freshman Week and all of its activities were enjoyed by all (especially the freshmen). Plenty of spirit and pep was added when the American friends performed in assembly. Of course, the football game and the dance were the main events. Even the girls had fun at the sorority parties and AKK Coke party. So you see there are plenty of activities for everyone.

Whether you realize it or not, extra-curricular activities play an important part in our college life and it is up to the Student Council to make sure there is a variety of activities and plenty of them. It's also up to you to see that they are carried out by taking part in some activities. Let's all do our part.

TJC Belles Have Successful Trip

By VIRGIE BARRON

The trip the Apache Belles made to Houston is one that will remain in memory for a very long time. Leaving at nine Friday morning, everyone was pleased to find the air-conditioning was not working right. The buses stopped at Huntsville for a rest, and from there to about fourteen miles from Houston, bus number two had a flat tire.

The Shamrock looked like "heaven" when we saw it, many of us for the first time. And those rooms were simply out of this world. At about twenty-four dollars a night who would complain. After about thirty minutes we climbed back onto the buses and went to the new Rice Stadium to practice with the Rice band. After several minor changes and a couple of hours practice we were ready to eat, but the place where we were supposed to have reservations to eat did not know anything about it so eating was postponed until later. We put on a show in the beautiful Emerald Room and then went back to Bill William's and ate.

Dates were something that caused no worry whatever. There were too many boys—one hundred to one—and all the freshmen were sent home by the seniors so our pick was taken from upperclassmen and Santa Clara football players.

After two or three hours sleep we were up and ready for a very long parade. That afternoon, Saturday, was free and we did as we liked. Pictures were taken by Mr. Faulkner of Apache Belles and people like Glenn McCarty, Johnny Coy, Patty Page and others. Dorothy McGuire and John Ireland were there also.

Saturday at five-thirty we were ready to eat and precede to the stadium. The ball game was wonderful and we hope we were good, for we were welcomed royally. Sixty-eight thousand people, an agent from the Sugar Bowl, Governor Allan Shivers, and one girl fainting worried us before the half, but these things were forgotten completely once out on the field.

We had a simply wonderful time; we had wonderful chap-rones; Mr. and Mrs. Stringer, Mr. and Mrs. Boyd, and Dean and Mrs. Potter. And we would like to go back to Houston and stay at the Shamrock again sometime.

LEADERS — Elected to lead the San Souci Sorority this year are (back row, left to right), Jean Heard, president; Delores McKinney, vice president; Barbara Shaw, corresponding secretary; Gay Saums, reporter;

(front row, left to right), Othelia Dorn, recording secretary; Dixie McCameron, parliamentarian; and Rose Marie Saleh, treasurer. Not shown is the rush captain, Betty Dorrough.

Rushees Board USS To-Kalon

The To-Kalon Sorority held their first rush party Sunday, Sept. 24, at the Teepee at 2:00. The party was a unique variation of the usual rush parties in that the theme was a ship party. Everyone was welcomed on the Ship of Friendship.

As the rushees came in each was handed a name card in the shape of a ship. Their name was written across the card, this enabling everyone to know everyone else without too much confusion. The girls were then met by some member of the sorority and led into the room. They were then introduced to anyone they did not know. All members were dressed in white blouses and dark skirts with a little red tie at the collars of the blouses.

Chairs were arranged in a big ship around the center of which the refreshments were arranged. Sandwiches, cookies and assorted nuts, etc., were served, along with Cokes. The Broadfoot twins and Sue Jones served the Cokes, which were in a big wheelbarrow decorated with red and white crepe paper.

For entertainment the Broadfoot twins played and sang with their ukus. Then they led the group in some well-known songs. Members of the sorority furnished further entertainment in the form of solo acts.

After the refreshments had been served, the Alma Mater and To-Kalon song, along with other school songs, were sung. Pictures were taken of the party. It was dismissed at 3:30.

Musical Comedy Hit Presented Sept. 24

By POLLY BOTHWELL

All Apaches who saw the hilarious comedy, "Good News," don't need this column to tell them what a success the "revue" was, but for the benefit of the ones unfortunate enough to be occupied elsewhere Friday night, Sept. 22, this we have to offer.

Hero Allen Hines, very nicely supplies us with a crisis by having a French exam to pass in order to play football. His girl, Marilyn Pope, offers the services of her cousin, Delores McKinney, whose crush on Allen complicates the situation not just a little. An interesting and amusing character (and we use the word not lightly) is Babe, a part very well stepped into by Beverly Beal, who leads Don Russell, a would-be football player, a merry chase. Professor Henderson also gives a truly thespian performance as Professor Charles Kehyon, a hard-hearted French teacher who finally proves to have the "Old Tait Spirit" after all.

As the plot unfolds, Delores tutors, Allen passes, Don finally plays football and wins, and Beverly plays—and wins—Don. As you can see—Marilyn is freezing out in the cold. But everyone sings and dances and what more would an audience want? Other members of the cast were Joel Arnold, Billy Hix, Beverly Williams, Virginia Angelo, Harry Loftis, Charles Stratton, Jerry Payne, Shirley McBride, Harry Jenkins, plus the Apache Belles, and a wonderful staff of directors and technicians. If you think I have omitted anyone, you're wrong. We owe a vote of thanks to Mrs. Stringer, Mr. Gilliam, Mrs. Henderson, our staging directors.

Apache Team Royally Entertained In Calif.

By RAMONA JOHNSON

The Apache football team arrived safely at Pounds Field at 10:20 Sunday night, Sept. 24, after a very eventful trip to California. First report on the return on the planes was 8 p. m., then 9:30, and when everyone arrived at the airport it was 10:50, but they did come in a little earlier.

As the players stepped off the planes they were mobbed by the eager supporters. Everyone was glad to welcome the victorious warriors home.

When asked about the trip, Jack Stubbs remarked, "It was very nice; I enjoyed every minute of it." Jack attempted to describe what he did Saturday night, but it was not very clear. But I do remember something about sweet music, dim lights. Oh, there was a St. Bernard dog in there some place. Anyway, he had a very, very good time.

O'Neal Brightwell was just as eager about the trip as Jack. As a matter of fact, if anyone is planning to go to California any time soon, O'Neal would like to go along.

When they arrived in Pasadena there was a large crowd to meet them. The cheer leaders led the group in a mass pep rally and the boys had some group pictures made.

According to the boys the people were really nice to them, and they had a swell time.

Sans Souci Rush Party Held

Dolores McKinney's home was the scene of the first San Souci Sorority rush party for 1950-51.

Approximately 65 guests attended the party. In the receiving line were the new officers of San Souci.

Four New Teachers, New Courses At TJC

This year we are starting our school term with several new teachers on our faculty. Also, several new classes have been added. The new teachers are Mr. Richard H. Barrett, in the business department; Mrs. Jessie E. Truelove and Mr. Joseph Kirshbaum in the music department; and Mr. Wiley W. Jenkins in the history department.

In music we have added a new course on the history of music literature. It is a study of all types of music. In the field of science we have added Chemistry 214, on the principles of organic chemistry; and Physics 214, which is a course designed to meet the second-year physics requirements of students majoring in engineering, medicine, and those who plan to major in any field of science.

A new course in drama, classified as Drama 213, takes up voice control for the stage; fundamentals of speech production; and the development of the speaking voice.

TJC Chorus Enrollment Is Largest In History

TJC chorus began this semester with its largest enrollment of thirty-three. The chorus members are now preparing for a series of radio programs, but details of these programs will be announced later.

For a short time longer the chorus will be open for new enrollment. Basses and baritones are the positions Mr. Carson needs most.

The chorus, for the convenience of TJC students, has two periods for class. They are at 11:15 and 1:05 each Monday, Wednesday, and Friday.

Freshmen Attend Party In Lounge Thursday

The lowly Freshmen attended the Coke party Thursday morning, in the girls' lounge. The party was given by the Atta Kula Kula organization. The majority of the Freshmen girls attended the party.

The freshman were greeted at the door by members of the organization. The party was for the Freshmen to get acquainted with the Sophomores.

Mrs. Byarly, AKK sponsor, was present at the meeting and the new members found her very likeable. Several other teachers attended also.

Everyone was served refreshments which consisted of cokes, fritos and cheewees.

Eventually the party drew to a close and the freshmen agreed that the party was a success.

T.J.C. To Battle Mexico City College In Rose Festival Classic Saturday

One of the most colorful and most exciting events of the 1950 Rose Festival will be the game between the Tyler Junior College Apaches and the team from Mexico City College. The game is slated to begin at 2:00 Saturday and will set a climax to another magnificent Texas Rose Festival.

Apaches Wallop Palominos 19-6

Led by Steve Hughes, Waldo Young, and Alvin Beal, the Apaches stomped the Laredo Palominos to the tune of 19 to 6.

The Apache warriors scored two touchdowns in the first quarter and later one in the fourth, while the Palominos hit pay dirt in the same.

Stout defensive work by the Apache plus smooth ball and handling and the great running of the fast quarterbacks, brought victory once again to the home team.

Hughes' 80 yard run in the first quarter was the first tally for the Apaches, and a 78 yard run by Young in the last quarter made their last score.

The Apaches drove 75 yards deep only to lose the ball on downs.

The Palominos took over and three plays later they fumbled. Posey Lambert pounced on the ball on the eight and Hughes scored from the one. Hughes had turned in runs of 43 and 11 yards to set up the tally. W. H. Barker ripped off 19 yards on the drive.

The Palominos took over and turned in three first downs before they were forced to punt. Young picked up three from the Tyler 17 before Hughes went all the way with Alvin Beal and Young turning in timely blocks to pave the way.

Neither team counted again in the first half. The third period rocked along without a score.

The Palominos counted in the opening minutes of the final period on a march for five first downs. Stewart passed to Paul Verdenbaum for 21 yards to place the ball on the Tyler 16 before Alford Parker scored around left end. The conversion failed.

The Apaches took over on the next kickoff when Young brought it from the goal line to the 27. Young picked up 45 yards on the 73-yard march and plunged over from the one. The PAT was no good.

The Palominos marched 50 yards on the next kickoff to the Tyler 26 before the locals held for the first time. Tyler moved back to the Laredo 26 with Alvin Beal hitting Charley McGinty for 31 yards to pace the march.

The Palominos took over on their own 26 and moved to the Tyler 19 before the game ended. Herrington Passed to Billy Bob Stewart for 51 yards on the march.

Tyler High Lions Beat Dallas Team

Tyler High School Lions gave a great performance of their ability and their determination to win when they defeated Adamson High of Dallas last Friday night by a score of 26-12. This victory over Adamson gave the Lions their second win of the 1950 season. They defeated Forest Avenue of Dallas the week before in Del-Haven stadium. The preceding week the Lions lost a heart breaker to the Palestine team.

John Waters and Bobby Brown led the lion to victory by racking up several first downs, while Jim Gilley brought the crowd to their feet by completing 5 out of 5 passes netting a total of 75 yards. Ernest Elliott can not be forgotten because he played great defensive ball. He followed every play, turning in fine defensive heads. ball were two sophomores, Mike Trant and Delmer Herberger.

Two well known faces were seen playing Friday night because of injuries, Rex Templeton and Murray Thompson. Eddie Herrington Jr., was replaced by John Gilley because of an injured leg. He was hurt early in the third quarter while playing against Palestine three weeks ago. He is expected to play in this week's game against Gladewater in Gladewater.

Tuna Patties Recipe

2 eggs, beaten
1 peeled, medium onion, grated
2 grated, pared medium raw potatoes
1/2 cup sifted dried bread crumbs
2 6 1/2-oz. cans grated tuna
1 teasp, salt
Speck pepper
Bacon drippings or fat
Beat eggs in bowl. Grate onion, then potatoes, on medium grater, and add to egg with next 4 ingredients; mix well. Form into 10 patties; in skillet, saute on both sides in hot drippings until brown. Makes 4 servings.

ATTENTION
ALL MEMBERS OF THE POW-WOW STAFF BE PRESENT AT THE MEETING FRIDAY 10:20 IN ROOM 202.
URGENT

This shot shows part of the crowd that saw the TJC football team off to California.

Shown above are the fabulous TJC Apache Belles. To the left is Apache Princess Mary Ellen Watson.

Tops In Sports

By ROBERT DAVIDSON

Tops in Sports is being dedicated to the out of town students that do not have the knowledge of the Apache Athletic History.

Until 1947 Basketball was the main and only major sport. The warriors of Black and Gold weren't slouches before then though. They had won State Championship in 1933, 1938 and 1942.

It was in 1947 they really started their string of scalps. The football team swung into action for the first time finishing the season undefeated.

It was this year the Texas Rose Bowl was born. The Compton Tartans from out California way made a successful visit, as far as they were concerned, by winning over Tyler 20 to 19.

The basketball squad showed their strength by sweeping through the conference undefeated and winning 3rd place in the National Tournament.

In 1948 the football team finished up second to Kilgore. In the second Texas Rose Bowl Kilgore evened things up by downing

Hutchinson, Kansas, in a post season thriller.

In '48 the basketball nets were even hotter than the year before. They not only breezed through undefeated but went on to win State, Regional, and National Junior College Crown.

Although losing one game in 1949 to Kilgore, Lamar and Paris helped the Apaches by whipping the Rangers, giving the warriors a full game's lead. They also tore the Colorado Aggies up by defeating them 40 to 0 in the 3rd Texas Rose Bowl.

By copping off to a good start in defending their title only to be nosed out but winning 4th place in the National Tournament.

This year the Apache football team has just returned from a successful visit to California where they defeated John Muir 27 to 6. Let's all help them play a return engagement in that 1950 Texas Rose Bowl by being at every game.
